Conflict Minerals Statement

Boneham & Turner Ltd acknowledges its responsibility to adhere to international legislation concerning conflict minerals, namely s1502 of the Dodd-Frank Wall Street Reform and Consumer Protection Act 2010 and European Union Conflict Minerals Regulation (EU 2017/821).

Collectively known as '3TG', conflict minerals are identified as tin, tantalum, tungsten, gold, and derivatives of these, sourced from conflict-affected and high-risk areas (CAHRAS) and the Democratic Republic of Congo (DRC) and its adjoining countries.

Boneham & Turner Limited requests its suppliers and subcontractors issue us with their conflict minerals policy for us to assess their conflict minerals status in line with our goal of selling only conflict-free products.

We can confirm that we do not source these named materials, from these identified countries.

Yours faithfully,

FOR & ON BEHALF OF BONEHAM & TURNER LTD

Stacy Denton-Beaumont
Group General Manager
